

Choral Count (Grades 2/3). Start at 217. Count back by 10s

Organize count in rows with two numbers in each row, and record count vertically.

217	207
197	187
177	167
157	147
137	127
117	107
97	87
77	67

Math Ideas

- Patterns when skip counting by 10s.
- Patterns within the base 10 system.
- Even and odd numbers
- Place value
- Connection to dimes

Possible Noticings

- All 7s in the ones place
- The numbers in the tens place, first column are odd.
- The numbers in the tens place in the second column are even.
- Each jump down a column goes down 20.
- Each diagonal goes down 30.
